

HOLY FAMILY PRIMARY SCHOOL.

Health and Safety Notice:

The Board of Governors frequently carry out a Risk Assessment on the premises to ensure we meet with the highest standards of safety possible for all persons using the school premises.

There are a number of areas highlighted in the Risk Assessment which we would like your support with.

Parking at the school gates Children being collected from school at 3pm Using the staff car park as a pedestrian entrance

As part of the Northern Ireland Curriculum staff will be promoting topics dealing with personal safety and keeping safe. We will be teaching the children about road safety and an area which has been highlighted on numerous occasions is safety at the school gates. We need your support in delivering this important message.

There is a marked no parking zone on either side of the gates and we ask parents not to park in this area and help prevent an accident.

SCHOOL SAFETY ZONE- KEEP CLEAR.

**PLEASE DON'T PARKING ON THE ZIG-ZAG LINES
Please help us prevent a serious accident happening
to a pupil of the Holy Family.**

COLLECTION TIME:

To ensure your child is safely collected after school a teacher is on duty at the school gates everyday but with the number of children leaving it is difficult to keep an eye on every child. The school cannot be held responsible for unsupervised children collected down at the hall car park or in the church car park. If you would like to collect your child from either of these places or if your child is permitted to walk home could you complete the permission slip on the next page so teachers will know who is allowed to leave the school grounds.

We feel it is our duty to make you aware of the dangers, one group of children were reportedly pushed one another in front of oncoming cars, another child ran out on to the road at the hall car park just narrowly being missed by the driver.

The number of young people killed and seriously injured on our roads is a national tragedy, particularly since every collision between a child and a vehicle is preventable.

STAFF CAR PARKS:

Parents and children should not be using this car park for parking or entering the premises, there is a safe pedestrian entrance which should be used on all occasions. Cars use these entrances throughout the day and there is a serious risk of a child being knocked down or worse.

We ask for your support to make our school a safer and secure learning environment for your children.

HOLY FAMILY PRIMARY SCHOOL.

Health and Safety Notice:

I give permission for my child / children to leave the school premises at collection time.
