

	Th	H	T	U
	3	7	6	8
+	2 ₁	9 ₁	5 ₁	7
	6	7	2	5

1. Say the whole sum and estimate the answer by rounding.
2. I begin by adding my units.
Eight units and seven units equals fifteen - fifteen units equals 1 ten and five units - record 1 ten and 5 units.
3. I now go to the tens column. Six tens add five tens add one more ten equals twelve tens - twelve tens equals 1 hundred and 2 tens - record 1 hundred and 2 tens in the correct columns.
4. I now go to the hundreds column. Seven hundreds add nine hundreds add one more equals seventeen hundreds- seventeen hundreds equals 1 thousand and 7 hundreds - record in the correct columns.
5. I now go to the thousands column. Three thousands add two thousand add one thousand equals six thousands.
6. I draw a line under my answer and compare it with my estimate.
