Multiplication   Primary 6

	4	3	2	8
X				7
	2	1	5	
3	0	2	9	6

(Estimate = 4000 x 7= 28000)

1. Say the sum and estimate the answer. 28 is about 30. 3 X 7 equals 21 X 10 equals 210.
2. Seven times eight equals fifty six - fifty six is 5 tens and 6 units – record putting a small 5 under the tens column to remind you to add it on when you have multiplied the tens.
3. Seven multiplied by two equals 14 add 5 equals 19 – (this is 19 tens 19 is 1 hundred and 9 tens – record.)
4. Seven times 3 equals 21 add 1 equals 22.
5. 7 times 4 equals 28 add 2 equals 30.
6. Draw a line under the answer and compare with your estimated answer.
