Years 10-12

Careers Fair

Dear Parent/Guardian,

I am delighted to invite you and your child to our **Careers Fair**. The event will take place on **Tuesday 3rd March** in the school assembly hall, **7pm-9pm**.

During this event your son/daughter will be encouraged to think about what career options are available through an opportunity to speak to a wide array of post-16 course providers and employers from the local area.

Whether your child is currently making their options choices, completing their Year 11 modules, or approaching their final GCSE examinations, this is a valuable opportunity to consider a wide range of potential educational, career and employment options.

The careers fair is organised in partnership with the Grand Orange Lodge of Ireland and I want to thank Mr David Scott (Outreach and Services Manager) for the work he has done in securing the range of contributors and participants attending next week.

We look forward to welcoming you to school for our careers fair and trust that the event will provide some further food for thought on future careers and further/higher education options.

Kind regards,

Ian Matthews

Principal
