

# What happens during Spring?

In spring lambs and chicks are born and you might see little bunnys or hedgehogs.

You can find a lot of different flowers in spring there are sun flowers, daffodils, blossoms and a bunch more.

In spring the Easter bunny might visit you if you have been nice and give you an easter egg or your naber.

A lot of Animals come out of hibernation like bears, hedgehogs and birds come back. The Temperature gets hotter and leaves start to grow back on to the trees.

In spring little baby ducks start to swim in little ponds of water.
