

Top 7 Tips for using Mathseeds to support your child's learning at home.

1 Make sure you have your child's Mathseeds username and password.

2 Mathseeds can be accessed on PC / Mac, iOS and Android devices as well as Windows tablets and Chromebooks.

3 Your child's teacher has set them up with the correct curriculum content allowing your child the ability to explore independently, as well as completing any assigned work.

4 Encourage your child to earn acorns by completing their lessons. They can use their acorns to shop for their **Treehouse** or **Avatar**.

5 Mathseeds is full of great additional activities that make learning fun. In the **Play, Shop, Awards, Arcade,** and **Treehouse** area, children will enjoy using their rewards to shop and play!

6 Practising mathematics off-line is important too! Look for an email from your child's teacher with printable worksheets.

7 Celebrate achievements and effort!

Certificates can be found in '**My Awards**'. If you have access to a printer, print them off and display throughout the house.

If not, login with your child to view certificates and Acorns earned each week!
