Dear P.6 Parent,

We have provided your child with a copy of all the tests until the end of June. We decided that this was the best option in case you do not have access to a printer at home. In the following two weeks your child can complete tests 9 and 10 and some work from the many booklets sent home. It is preferable that the children are given 1 hour without distraction or help to complete the test. Lots of discussion after the test is completed is useful to identify areas to work on. Below you will find a copy of the answers for these 2 tests and would appreciate if you could email us your child's score so we have some idea how they are progressing.

After Easter we will be uploading work weekly for your child and a note will follow to confirm how to access this. Your child has been given a workbook to record their answers and we will try to upload activities that do not require excessive printing.

Many thanks

J. Eadie & K. Kennedy
