In

# Reading

- ▶ Reading is an integral part of every school day and in P6 we stress the importance of reading. Children will take part in daily shared, independent and guided reading sessions. Guided reading will be at instructional level with the teacher, where texts are selected at a suitably challenging level. It is within these sessions that reading is taught. The main overall aim is to foster an interest in reading and to make children independent readers. To encourage this further, P6 children will have the opportunity to attend the mobile library (NI Libraries) during Term 1. Children will explore three novels and three picture books throughout the year.

## **Accelerated Reader (Home Reading)**

- ▶ Children complete STAR reading tests (up to four times per year). The results from this indicate each child's reading age and ZPD. Children then select books within their 'level' and record their reading in their reading record. When they have finished reading their book, children will take a quiz. Each child should aim to score above 85% in their quizzes.
- ▶ It is important that children record their reading in their RR.
