

Hello Girls and Boys of P3GC,

I hope you are all well and keeping safe. I am feeling so happy to be back to school as your teacher. Thankfully, I am feeling much better. It was so kind of you to continue to remember me in your prayers and the beautiful cards you sent really made me smile. You are a super class of children.

I ask you all to continue to remember Miss Pearson in your prayers and thank God for all her hard work and fun times you had together.

It is a little strange not being in our classroom teaching and learning right now. I know you miss all your friends and lots of routines we had in school. Some work has been sent home to help you continue learning and I know you are really doing your best and making lots of effort.

The most important thing is that you spend lots of time with your family. Remember to be that "sunshine kid" we talked so much about in school and try and bring as much happiness each day into your home.

Remember to say a prayer every day for all the people who are sick and ask God to keep you and your family safe.

I am not sure girls and boys when we will all get back together in our own classroom but until then I am thinking of you all and be happy!

Mrs Mc Crystal
