$\qquad$
g) Hannah's birthday is 18 days after Christmas Day. What day will her birthday be on in 2021?
$\qquad$

## The Calendar Answers

| Question | Answer |
| :--- | :--- |
| 1. Why do we have a leap year? How many days are <br> there in a leap year and a year which is not a <br> leap year? |  |
|  | Answer indicates that it takes the <br> earth 365 1/4 days to orbit the earth, <br> but we cannot have a quarter of a day, <br> so every four years February will have <br> an extra day. A leap year has 366 <br> days and a year which is not a leap <br> year has 365 days. |
| 2. Complete the following table: |  |
|  | Months which have 31 days <br> January, March, May, July, August, <br> October, December |
|  | Months which have 30 days <br> April, June, September, November |
|  | Month with 28 or 29 days <br> February |

| 3. Use the 2020 Calendar to answer these questions: |  |
| ---: | :--- |
| a. | They both have 90 days in total. |
| b. | $8^{\text {th }}$ July |
| c. | $22^{\text {nd }}$ November |
| d. | May and October |
| e. | 64 days |
| f. | 96 days |
| g. | Tuesday $12^{\text {th }}$ January |
