

Good Morning Primary 4 boys and girls,

This week we send a special prayer to you on what should have been a wonderful week in the build up to the sacrament of your First Holy Communion. Unfortunately, due to the current restrictions this is not possible.

First Holy Communion is always a special occasion for our pupils, school staff and whole community. We know the children and their families are very disappointed that this is not taking place and may be planning to mark it in a special way.

We are thinking of you all at this time and look forward to the extra special day that you will be able to celebrate your First Holy Communion. In the meantime we hope you and your families are keeping safe and that God will continue to bless and protect us all during these difficult times.

God bless and take care.

Love, Miss Keenan and Ms McKinley
