

EA Connect Admissions

Applications for a post primary school place

EA Connect is currently open for applications for post primary school places.

Thank you for all the support you have provided to parents, signposting to resources, distributing the digital leaflet on how to apply, and sharing key messages of the post primary admissions process.

The position with post primary applications is as follows:

33%

applications
submitted

16%

applications started
yet to be submitted

51%

applications not started

We would appreciate your assistance in reminding parents to submit their application via EA Connect before the closing date on **Thursday 22 February 2024 at 12 noon.**

Can we ask you to monitor the status of applications for your pupils on the P7 Transfer tab on EA Connect.

The application status will be -

not started 

started but not submitted 

has been submitted

Important

Pupil details entered by parents on applications must match with EA records for the application status to update in the P7 Transfer Tab.

If the pupil has moved to a different primary school or has changed their address etc the application will not match automatically. This will not prevent a parent from making an application but there may be a short delay in the status icon being updated until the record is manually 'matched' by EA Admissions staff.

We are grateful for your continued support in pointing parents to the support resources on the [EA website](#).

Please signpost parents who require additional support with making an application to the Admissions helpdesk by phone 028 9598 5595 or email postprimaryadmissions@eani.org.uk

Remember: post primary placements of children with a Statement of Special Educational Needs are arranged through EA's Special Education Needs Department. Application should not be made via EA Connect and will not appear in the P7 Transfer Tab.

Post primary applications outcome

.....
Parents/carers informed of application outcome via email
