

23rd June 2022

Dear Principal,

Please see information below to be circulated to your staff and parents.

Thank you for your continued support.

Best Regards,

Frances Meehan
EdIS Programme Director

EA's EdIS Programme are calling for parents of school age children (nursery onwards) and school staff (teachers and other staff) to join our Focus Groups and provide their input into various projects to be delivered in the coming years. By volunteering their time, focus group members will provide valuable information on their current experiences of education systems and help to inform the outcomes of our transformational programme.

The Education Information Solutions (EdIS) Programme is a change programme designed with children and young people and their learning experience at its centre. [Education Information Solutions Programme \(EdIS\) | Education Authority Northern Ireland \(eani.org.uk\)](#)

The Programme will support the learning experience for children and young people over the next 10 years and beyond. It is important that the opinions of our parents and school staff are heard to help us design bespoke solutions that are fit for purpose and support the needs of our end users.

Focus Group members will be requested to participate in a variety of activity including surveys, workshops and user testing. Their time will be valued and they will only be contacted on the occasion that their input will be relevant according to their circumstances. Participation in each activity will be voluntary.

All Focus Group members will be provided with regular updates on the developments of the EdIS programme and how it is impacting our children and schools.

To express your interest in joining the EdIS Focus Groups, please email edisinfo@eani.org.uk.

“To inspire, support and challenge all our Children and Young People to be the best that they can be.”
