### Key dates for Application Outcomes

### Outcomes for Parents

Depending on the application outcome, parents will receive one of three notifications:

- Selected at the second or a lower preference pre-school/school ([see appendix B](#));
- Not selected at any pre-school/school listed on the application ([see appendix C](#)).

## # Notifications

### Offered Places

Where a place has been offered, parents will be provided with instructions on how to log in to their EA Connect account and accept their child's place.

Where possible, please encourage your parents' community of the importance of accepting a place offered by **5 May 2023 by 4pm**.

After this date, parents will not be able to accept/reject the place offered within the portal. You can monitor those applicants who have accepted and rejected places via the Excel report on EA Connect, and you may wish to follow up with parents directly if they have not responded to the offer of a place.

### Rejected Offers

In the unlikely event that a place is rejected, parents can indicate this on EA Connect. A pop-up message outlines the consequences of rejecting a place and a box may be ticked, should a parent wish to proceed. Where a place is rejected you will receive an email confirmation.

### Not Selected

Where a child has not been selected for admission to a school, parents will be advised of their right to appeal the decision of the Board of Governors.

Information on the appeals process will be made available on the EA website. Please note that the appeals process for nursery and primary schools is not available on EA Connect.

Further updates to 'Notes of Guidance' for schools will be available on the [Admissions Resource Hub](#)
