

## **Duneane and Moneynick Partners in Learning, Shared Education Campus**

---

### **Communication Information: Governors, Staff, Parents/Guardians, Pupils – 20<sup>th</sup> June 2018**

Further to our Communiqué of the 22<sup>nd</sup> November 2017 sites are being considered within the area of the two schools. In progressing two preferred sites, Planners have been consulted and investigation works have been undertaken to assess ground conditions, ecology, archaeology, and topography with regard to the construction of a school building. The outcome of the investigation will assist in the identification of sites to be considered in a Business Case for funding. The funding for the Shared Campus programme to proceed to Planning is 'ring-fenced' and secure.

A Questionnaire has been circulated to all pupils, staff, parents/guardians and governors to reassess current views on a proposed shared campus and the outline design plan. The Summaries of the questionnaires are available at the Schools.

The two schools continue the development of their shared work through their curriculum.

The Project Board will continue to meet on a regular basis and further updates will be provided as the Business Case finalises.
