something that moves
something that smells.
something that's square
[& other shapes].
something that's red
[& other colors].
something that starts with the
letter "A" [& other letters].
You can also vary the amounts:
4 rocks, 3 leaves, etc.

Outdoor Maths.

Outdoor Maths

Using natural objects, can you make different
2D shapes? Can you use stones to make a circle?
Can you make a triangle from twigs?

Which natural objects could you use
to make a pentagon?

Complete this scavenger hunt. Locate the items on the list.
Compete with others in your household. Who will get all the items
first/the most items. Remember the social distancing rules and
wash your hands afterwards

Lego Challenge.

Building Challenge!

Build a rocket.

Building Challenge!

Make a sculpture using exactly
18 bricks.

Building Challenge!

Create a pattern using
building bricks.

Building Challenge!

Build a model of
your house using
building bricks.

Design some spring art to put in your window.

Collect stones and paint them as a story.

Can you design and make some spring biscuits?

Go outside and make a picture with the natural materials/objects you find.

Make a spring for your family

Can you design or make a garden?
Or plant some flowers?

We wish you all a very happy and safe break.

We look forward to seeing any of your Spring creations.

Please send them to
