

A Parents' Guide to FLOURISH in Steelstown Primary School

What is FLOURISH?

"The Flourish programme is a Relationship and Sexuality Education (RSE) resource for use in Catholic Primary Schools on the island of Ireland. It aims to view the subject through a Catholic lens, fostering respect for self and others, helping the child, with the support of their family, to develop a moral compass."

Flourish is designed to be adapted to suit individual needs and local circumstances. Following a period of consultation with the governors, principals, and teachers, we have adapted the programme to cover appropriately the statutory requirements for RSE within the Catholic Ethos of our school.

Supporting parents

The family is the primary place for Relationships and Sexuality Education (RSE). Our Catholic school is here to support and complement parents and guardians as they fulfil their duty as the primary, and most important educators of their children.

Child-centred & age appropriate

Our school will adopt a child-centred approach to the delivery of RSE. In consultation with parents, teachers will ensure that the programme is tailored to the age, maturity, and understanding of pupils.

A holistic approach

Our school is dedicated to the education of the whole human person - physical, intellectual, spiritual, religious, emotional, and moral. Through RSE, the Catholic school "educates and forms pupils for relationships with self, with others, with our created world, and with God."

Respecting human dignity

Respect for the dignity of the human person, created in the image and likeness of God, stands at the heart of Catholic education. Catholic RSE, therefore, aims "to teach, nurture, advise, guide, and enable young people to recognise their own sacredness and the sacredness of others."

Through RSE, the Catholic school "educates and forms pupils for relationships with self, with others, with our created world, and with God."

Inspired by the Gospel, Flourish helps to equip pupils with the "knowledge, skills, and disposition to relate with others in a way that is respectful and that brings joy to their own lives and to the lives of others."

What will my child learn?
