

## Appendix 3

# Christ the King Primary School and Nursery

## E-Safety

Dear Parent,

At Christ the King Primary School we recognise the use of ICT and communication mediums as an important resource for teaching and learning. However, at all times users will encounter risks, posed more by behaviours and values online than the technology itself. Consequently during ICT and other lessons in which ICT is used, we will ensure that they are taught and made aware of appropriate safe and responsible online behaviours to safeguard themselves and get the most from the technology itself.

In order to educate your child further about e-Safety (safe use of the Internet), I have included strategies used by the school to maximise learning opportunities and reduce risks associated with the Internet. Please read the rules attached with your child and then sign and return the slip to the class teacher.

In event of a breach of rules by any child, the parent will be informed and the pupils may have the privilege withdrawn.

These rules provide an opportunity for further conversations between you and your child about safe and appropriate use of the Internet and other online tools (eg - mobile phone), both within and beyond school.

Should you wish to discuss the matter further please feel free to contact me.

Yours faithfully,

Mrs Roisin Darcy  
Principal
