# **SJF PUPIL PREMIUM STATEMENT**

22-25

## OUR MISSION & VISION

Our vision is that every single member of our community will love, learn and grow together. This is achieved by:

- **Celebrating** what we are good at
- **Challenging** ourselves and doing our very best in our work
- **Loving** and **respecting** ourselves and each other
- **Knowing** that we are loved for being just how God made us
- **Accepting** that everyone is special

**ST CLARE**  
Catholic Multi Academy Trust

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils. It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## SCHOOL OVERVIEW

## PART A: PUPIL PREMIUM STRATEGY PLAN

### STATEMENT OF INTENT

At St John Fisher we believe all children are equal irrespective of their background or the challenges they face. Our school motto is "Love, grow and learn together" and we hope all children feel this through all aspects of our school. We feel despite our children's individual needs, ability or behaviour, they have every opportunity to make good progress in all subjects and also feel well supported in social and emotional needs and wellbeing. This is done through all aspects of school life, high expectations and through the targeted support and effective interventions in place for them. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attaining.

We will always consider the challenges faced by all vulnerable pupils, such as those who have a social worker and young carers, and those children who are a concern from our internal monitoring. The support we have outlined in this statement is also intended to support their needs, regardless of whether they qualify for pupil premium funding or not.

Quality first teaching is at the heart of our approach and the majority of children will have their needs met within the classroom alongside their peers. Teachers work hard to provide all children with the support they need through careful planning including the use of varied teaching techniques, differentiated resources and scaffolding to ensure children can access their learning. Our aim is also to focus on areas in which disadvantaged pupils require the most support. This quality first teaching is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit all pupils in our school. Integral to all our intended outcomes detailed below, is the intention that disadvantaged pupils' attainment will be sustained and improved alongside progress for their non-disadvantaged peers.

Our school has adopted a trauma informed approach and knowledge of promoting positive learning behaviours when considering challenges faced by all pupils. The importance of focusing not only on the gap in attainment, but also supporting pupils with their social and emotional development, training staff and adopting this as part of the culture within school. Research evidences that this approach to behaviour management and pastoral care makes a difference to children's outcomes. Alongside this our strategy included wider school plans for post pandemic education recovery, through targeted support for those children whose education was worst affected. Through our internal assessment and monitoring, we ensure we have a system of school based interventions including specific small group interventions and one to one support when needed to close the gap in attainment.

Our aim is to always be responsive to common challenges and individual needs of our children. All of the approaches we have adopted will work together, always keeping our individual children at the core aiming to help them to be the best they can be, prepare them for the next step in their education and more importantly help them to enjoy their learning and the time they have at St John Fisher. All staff are invested in our commitment to our disadvantaged children and we work together, having high expectations and providing this targeted support so they can have every opportunity to be successful in their education.

## CHALLENGES

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge | Details of challenge   |
|-----------|--|
| 1         | At the end of KS2 the progress and attainment of disadvantaged children overall is just below other pupils within school. With progress in reading and Writing being affected to a greater extent. Our assessments and observations indicate that the education and wellbeing of many of our disadvantaged children have been impacted by the pandemic and partial school closures to a greater extent than for other children. These findings are supported by national studies.  |
| 2         | In FS2 and KS1 there has been an increase of children with additional language needs both EAL and Speech and Language. This impacts on their vocabulary development and progress in reading comprehension, writing and maths.  |
| 3         | <p>Low attendance and lateness for specific pupils where they miss important learning impacting on their progress and attainment and on self-confidence and self-esteem.</p> <p>We have seen a decrease in attendance for pupil premium children in 2022-23 compared to previous years, it is at 91.6% against 96.5% for non-pupil premium children. This is less than national at 93.8%.</p> <p>In previous years it has compared better with national comparisons overall, attendance for disadvantaged pupils in 2020-2021 was 93.51% compared to 96.68 for all other children and in 2021-2022 it was 92.2% compared to 95.88%.</p> <p>Attendance has been impacted by the Covid 19 pandemic, analysis shows that during and since lockdown, persistent absence has increased for specific disadvantaged children and we work closely with family and support services to improve attendance for these families.</p> |
| 4         | <p><i>Anxiety</i></p> <p>Observations, conversations and surveys with children and parents show that anxiety levels (including attachment disorder, low self-esteem) continue to be higher than pre-Covid times.</p>   |
| 5         | Our internal data suggests many of our pupil premium children have multiple disadvantages, i.e. are also SEND or have other complicating factors.  |

## INTENDED OUTCOMES

The outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure success.

### INTENDED OUTCOME

Pupil Premium children make at least expected progress, leading to increasing numbers reaching expected or higher standard for their age in phonics, reading, writing and maths.

Pupil Premium children identified as SEND make the same progress as other SEND children.

Improvement in oral skills and increased vocabulary and reading for pleasure

### SUCCESS CRITERIA

Pupil progress information through assessments, observations and meetings with staff and parents indicate disadvantaged children meeting expected standard, in line with their individual targets.

A greater proportion of Pupil Premium pupils (particularly high prior attainers) being 'on track' to exceed the expected standard in Reading Writing and Maths, by the end of KS2.

The vast majority of pupils, other than those cognitively unable or unready, reach the expected standard in phonics.

Pupil premium children are carefully assessed to measure progress. They receive focused support to address needs. The gap between pupil premium SEND children and other children diminishes.

Successful introduction of whole school Word Aware programme which is a systematic approach to teaching vocabulary throughout school.

Strategies to support early language acquisition will impact significantly on pupil premium children making progress in FS2 and KS1.

Assessments and observations indicate significantly improved oral language and vocabulary among disadvantaged children. This can also be seen in individual children's engagement in lessons and success when working in groups.

Over coming years an increased percentage of PP make at least expected progress and reach the expected standard.

Disadvantaged children achieve the expected standard at the end of Key stage one in reading and writing. Disadvantaged children have weekly access to a quality text matched to their phonics stage to encourage an independence of reading at home.

Attendance of Pupil Premium continues to improve and percentages will be in line with other children in school so the vast majority of PP children achieve good attendance overall. Number of families who are persistently absent continues to decrease.

The rigorous application of the attendance policy ensures that pupil premium pupils attend school at a level at least in line with all pupils nationally.

School responds quickly and support given to families/children when a problem is identified through close monitoring and communication between staff, children and parents.

Support for families will lead to a continued reduction of number of PP pupils who are persistent absentees, where attendance falls below 90%.

Half termly meetings between attendance officer and Lead for Inclusion to discuss individual cases and support appropriately.

To enrich the life experiences of our disadvantaged children.

Children will receive financial support and access all trips (including residential visits). They will have access to IT support, music lessons and before and after school clubs.

To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.

High levels of wellbeing will be evidenced through: Pupil voice, parent surveys, parent meetings and lesson observations

A reduction in the number of wellbeing / mental health concerns raised by parents and staff. Also evidenced by Safeguarding meetings, CPOMS and Mental Health Support Team.

Observations from teachers, Learning Mentor and TAs in class, small group interventions and in one to one support.

Feedback through individual assessments RCADS. Trauma Informed culture enabling children feel happy and safe and are at their optimal level for concentrating, engaging and learning. This will support children to "catch up" any gaps in their knowledge and understanding.

Significant increase in participation in after school clubs and enrichment activities, particularly among disadvantaged pupils

Improved attendance for disadvantaged pupils including persistence absentees, increasing to in line with other children in school.

## ACTIVITY DURING THE ACADEMIC YEAR

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### TEACHING (e.g. CPD, recruitment and retention)

Budgeted cost: **£10,757**

| ACTIVITY  | OUR APPROACH - EVIDENCE   | CHALLENGES ADDRESSED   |
|---|---|--|
| <ul style="list-style-type: none"> <li>Assessment and follow-up PPR meetings with all teachers and LMT, reviewing the support pupils receive and the targeted support needed to ensure further progress in Reading, Writing (Including GPS) and Maths.</li> <li>Continued Mastery Maths CPD for all teaching and support staff whole-staff and individual CPD</li> </ul>  | <ul style="list-style-type: none"> <li>Data from standardised tests</li> <li>Regular monitoring/coaching/mentoring (with opportunities for colleagues to engage in monitoring activities with LMT/others)</li> <li>Pupil progress tracking and review</li> <li>Effective Assessment Point monitoring and cohort action-planning</li> <li>Standardised tests provide data on specific strengths and weaknesses of individual children so teacher can close the learning gap.</li> <li>Through rigorous tracking and monitoring PP children falling behind are identified quickly and this information is used to inform subsequent provision and timely intervention (click <a href="#">here</a>) (EEF Diagnostic assessment)</li> </ul> | <p style="text-align: center; font-size: 24pt; color: red;">1, 2</p> |

**TARGETED ACADEMIC SUPPORT (e.g. tutoring, one-to-one support structured interventions)**

Budgeted cost: £19,496

| ACTIVITY   | EVIDENCE SUPPORTING OUR APPROACH   | CHALLENGES ADDRESSED |
|--|--|----------------------|
| <p>Provide targeted tuition and support for pupils whose education continues to be impacted by the pandemic. Targeted children to access 1:1 support both before and after school. 1:1 Precision Teach intervention-10 minutes daily to teach and reinforce retrieval practice skills.</p>   | <ul style="list-style-type: none"> <li>• Data from standardised tests</li> <li>• Pupil progress tracking and review</li> <li>• Effective Assessment Point monitoring and cohort action-planning</li> </ul>   | <p>1, 2</p>          |
| <p>1:1 Fast Track Phonics support- daily 10 minutes focused support on gaps in phonics and speedy reading phonics in words. (Across KS1/2)</p> <p>Small group and 1:1 interventions to improve spelling and reading. IT programme purchased, disadvantaged children to access both at home and in school. (Birmingham toolkit to support assessment)</p> <p>Maths pre-teach/Spotlight sessions</p> | <p>Internal Read Write Inc. 6-weekly data Frequent and consistent targeted phonics interventions are effective and have a positive impact on children's overall reading attainment.</p> <p>Small group and focussed support on specific gaps using support of Birmingham Tool Kit and interventions to support- this focussed input on identified gaps for individual children will help accelerate their learning and this will be evidenced at assessment points and during day to day teaching.</p> | <p>1</p>             |
| <p>Implementation of Word Aware a structured whole school approach to promote the vocabulary development of all children.</p> <p>Disadvantaged pupils targeted for language support through LEAP groups and 1:1 support on Word Aware.</p>   | <p>Internal data and evidence from Pupil Progress meetings. Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment: <a href="https://www.educationendowmentfoundation.org.uk">Oral language interventions   EEF (educationendowmentfoundation.org.uk)</a></p>  | <p>2,1</p>           |

**WIDER STRATEGIES (e.g. related to attendance, behaviour, wellbeing)** Budgeted cost: **£28,205**

| ACTIVITY   | EVIDENCE SUPPORTING OUR APPROACH   | CHALLENGES ADDRESSED |
|--|--|----------------------|
| Continue to embed Trauma Informed Schools training and culture at SJF. Learning Mentor 1:1 and small group work/intervention to support the mental health and well-being of all, particularly disadvantaged, children. Zones of Regulation sessions, Lego Therapy and Mighty Minds Sessions supporting wellbeing and improving Trauma Informed 10 Diploma training for newly appointed Learning Mentor.  | Disadvantaged children needing this additional nurture support and specific interventions (Mighty Minds, Zones, Lego Therapy) improving socially and emotionally will increase their readiness to learn and progress which will impact them positively in the long term.   | <b>3, 5, 6, 1, 2</b> |
| <ul style="list-style-type: none"> <li>• Develop SJF Healthy Minds initiative and Healthy Minds Champions</li> <li>• Education Mental Health Practitioner in school each week</li> <li>• Supporting Healthy Minds culture across school, working closely with SENDCo and Learning Mentor.</li> <li>• Embedding Zones of Regulation practice in all classes</li> <li>• 1:1 support for individual children</li> <li>• Regular parent information/coffee afternoons</li> </ul> | Evidence from positive feedback from children/parent surveys throughout and between lockdowns.<br><br>Evidence from Whys Wishers and Worries boxes-children feedback forms<br><br>Pre post intervention RCADS questionnaire<br><br>Improved classroom management-use of zones to support anxious children<br><br>Feedback from parents following coffee afternoons | <b>3, 5</b>          |
| Learning Mentor developing Healthy Minds Champions - children trained by CAMHS to provide peer support around anxiety. Parents/carers access Learning Mentor before/after school.  | Evidence from Whys Wishers and Worries boxes-children feedback forms<br>Healthy Minds surveys/feedback<br>Pupil and parents conversations  | <b>3, 5</b>          |
| Learning Mentor monitors attendance, working with other agencies to support parents/carers, which has led to increase in attendance. Learning Mentor/SENDCo enable parents/carers to access Family Intervention Service  | Engaging with families, giving support and advice will reduce levels of absence and persistent absence.  | <b>3</b>             |
| Continue to access translators for families with limited English so we can continue to support them and access support of other services.  | Improvement in attendance and lateness for specific groups   | <b>3, 2, 1, 4</b>    |
| Support for school trips/residential visits, resources (e.g. KS2 Revision books), IT support when needed, music lessons, before and after school club support.   | To ensure disadvantaged children have the opportunity to access the same activities to those of their peers ensuring they have a range of additional life experiences.   | <b>4</b>             |

**Total budgeted cost: £56,900**

## PART B: REVIEW OF OUTCOMES IN THE PREVIOUS ACADEMIC YEAR

### PUPIL PREMIUM STRATEGY OUTCOMES

This details the impact that our pupil premium activity has had on pupils in 2022-23 academic year.

| Intended Outcomes  | Success Criteria   |
|--|--|
| <ul style="list-style-type: none"> <li>Pupil Premium children make at least expected progress, leading to increasing numbers reaching expected or higher standard for their age in phonics, reading, writing and maths.</li> </ul> | <ul style="list-style-type: none"> <li>PP children make progress in line with NPP</li> <li>A greater number of PP children on track to meet end of year expectations/making satisfactory progress</li> </ul> |

**Outcome/Impact**  
 Figures below include all **PPG** children from Years 1-6. included in these groups there are significant numbers of children with multiple disadvantages including:

- children with English as an additional language (**EAL**)
- children with Special Educational Needs and disabilities (**SEND**)
- looked after children (**LAC**)/post looked after children (**PLAC**)

Figures below include all PPG children from Y1-6, in these groups there are significant numbers of children with multiple disadvantages such as:

- children with English as an Additional Language
- children with Special Educational Needs
- looked after/post looked after children
