

FS2MOUSE CLUB

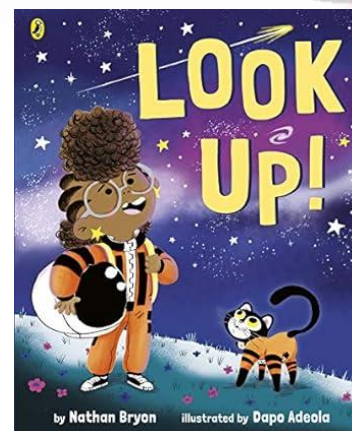

Term 2 | Week 5

Our Books of the Week

Our FS2 children have loved finding out about the moon and space. This week they will enjoy more fantastic space-themed stories as well as exploring space travel. These are two of the fiction books we will be reading:

- click [here](#)

Our song of the week

Five Little Astronauts by 'The Singing Hands Ladies (using Makaton signs). Please click [here](#).

Activities To Try at Home

In class, we will be designing and making our very own junk model space rockets. Please chat with your child about their ideas and you are welcome to send them to school with any extra pieces of clean junk they may need, such as plastic bottles, cardboard tubes, bottle lids, etc.

Before bedtime, please encourage your child (and mouse) to look at the night sky. Can they see the moon? The whole moon or part of it? Can they see stars? If they cannot see the moon, do they know why? The children have enjoyed finding out about nocturnal animals. Look at the clip [here](#) and talk about the animals and how they manage in the dark, think about eyesight, hearing, camouflaged.
