

# FS2MOUSE CLUB

Term 3 | Week 2

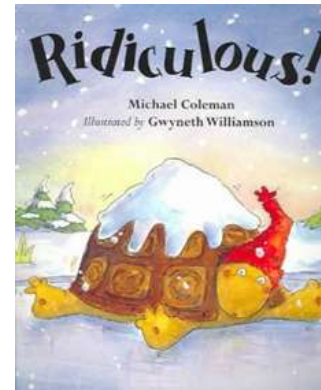

## Book of the Week

In our first week back to school we enjoyed the story, 'Ridiculous!' by Michael Coleman.

It is about Shelley the tortoise who should be hibernating!

This week (week 2) have been reading 'Bear Snores On' by Karma Wilson.

Both books are wonderful stories that open up discussions about the changes in nature during the season of winter. Please click [here](#) and [here](#) to share both stories at home with your child:

## Song of the Week

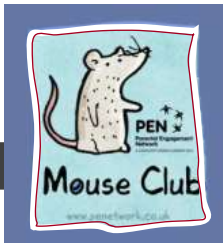

*'Wintertime is Here'*

Please click [here](#) to watch the video and talk about the changes in the weather, nature and our lives, during wintertime.

## Ideas to Try at Home

- Click this [here](#) for CBeebies – you could have a go at making a bird feeder to hang outside and help the birds stay well-fed during the winter months when food is harder for them to find and eat.
- If it is cold enough, try making an ice decoration- find some leaves or small twigs and berries outside and pop them in a container and fill it with water and leave them outside all night – what do you think will happen?
