We are learning that we have four seasons will be thinking about how the weather changes in each season and talking about how it affects our lives

Books of the Week

We will be talking about how plant and animal behaviour changes throughout each season. Our books this week are 'Tree' by Britta Teckentrup (click [here](#)) and 'Leaf Man' by Lois Ehlert (click [here](#))

Song of the Week

Our song of the week is called 'The Seasons Song' (click [here](#)). Please note that because it is an American song, 'Autumn' is called 'Fall', and we will discuss this.

Here comes the Spring with the rain pouring down.

Here comes the Spring with the flowers in the ground.

Here comes the Spring with the rainbow in the sky.

Here comes the Spring to bring new life.

Here comes the Summer with the heat from the sun.

Here comes the Summer with the kids having fun.

Here comes the Summer with the warm breeze.

Here comes the Summer with the trees so green.

Here comes the Fall with the leaves changing colour.

Here comes the Fall with the climate getting cooler.

Here comes the Fall with the leaves falling down.

Here comes the Fall with the wind blowing loud.

Here comes the Winter with the ice and the snow.

Here comes the Winter with the freezing cold.

Here comes the Winter with the days getting shorter.

Here comes the Winter with the nights getting longer.

Activities To Try at Home

- Take your mouse outside on a leaf hunt. What do you notice about the leaves on the ground?
- Talk about the shapes, colours and textures of the leaves that you find (are they soft or crunchy? etc.)
- Are all the trees losing their leaves? Why not?
- You could use your leaves to create a leaf picture at home or make leaf rubbings.
- You could also count out the leaves you have collected or sort your leaves – by size, colour, etc
- We would love to see what you have done at home with your mouse- please share a photo and add a comment on Tapestry. You are welcome to bring in your leaves or a leaf picture to go on your Wow Wall.
