

# FS2 MOUSE CLUB

Term 3 – Weeks 1 & 2 (2024-2025)

Happy New Year! This term the question we will think lots about is: **How do we know it is winter?**

In our first week back to school we will be reading the story, 'Ridiculous!' by Michael Coleman.

It is a story about Shelley the tortoise who should be hibernating! Please click [here](#) and enjoy share the story, together, at home.

## Song of the Week: 'Wintertime is Here'

Please click [here](#) to watch the video and talk together about the changes in the weather, nature and our daily lives, during wintertime.

## Ideas to Try at Home

- Click [here](#) for a great activity from CBeebies. Have a go at making a bird feeder to hang outside to help keep the birds well fed during the winter months when food is harder for them to find.
- If it is cold enough, make an ice decoration. Find some leaves, twigs and berries and pop them into a container. Fill it with water and leave it outside all night. What do you think will happen?

## Our Makaton Signs this Week

Our signs this week have been **cold/winter**, **snow** and **ice**.

Click [here](#) to watch a video for more Makaton signs for winter clothes.
