

FS2 MOUSE CLUB

Term 5 – Week 2 (2024-2025)

Our Story of the Week

This term, our 'Understanding of the World' investigations start with finding out about different flowering plants and what they need to grow.

We are reading 'The Little Seed' by one of our favourite authors, Eric Carle. Please click [here](#) to listen to the story.

One of our non-fiction books is 'Seed to Sunflower', which explains the life cycle of a sunflower seed.

Our Song of the Week

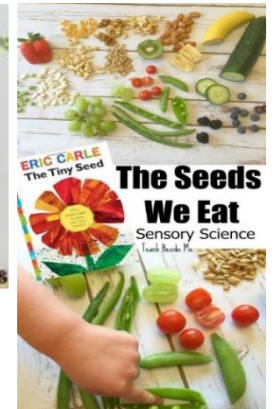

Our song of the week is the 'Boogie Beebies' song called, 'Digging a Hole'. The children can listen to this song by following this [link](#).

Activities to try at Home

Have a look at some of the food you eat at home. Can you find any seeds in the fruit and vegetables that you eat?

- ✓ Ask your grownups if you can plant vegetable seeds such as lettuce, beans, peas, and radishes. They grow quickly and then you can enjoy eating them!
- ✓ Make a cress head at home, perhaps with a funny nose using old tights, compost, and an elastic band. You could then cut and wash the cress you have grown, adding it to a delicious home-made salad or a sandwich.

Our Makaton Actions of the Week: seeds, bulb, to plant (seeds/ trees)
