

Collection and Use of Pupil Images

School workforce, governors, and volunteers, and use them under the following Articles of the GDPR:

- **6 (1) a**
 - where we have consent to do so
 - consent will be obtained through an **opt-in** process (and will not be assumed)

for example:

- images used in newsletters, good news stories and marketing materials
- images shared with a named photography company to produce commercially available school photographs for parents

- **6 (1) e**
 - for the legitimate purpose of running an academy

for example:

- to safeguard children by identifying the school workforce

We collect video images of the school workforce, governors, and volunteers, and use them under the following Articles of the GDPR:

- **6 (1) a**
 - where we have consent to do so
 - consent will be obtained by an opt-in process, and will not be assumed

for example:

- video images used in training materials
- video images used in good news stories and marketing materials

- **6 (1) e** For the legitimate purpose of running an academy.

for example:

- Images to record practical skills for assessment and examinations
- CCTV footage that is used to assist with the safety and supervision of pupils
- CCTV footage that is used to safeguard staff, pupils, visitors and school property (e.g. by allowing investigation into incidents or complaints)
