28th September 2022

Dear Parents,

At the beginning of September, we received a visit to our school from Chris the scientist from 'Eureka Seekers.' When here, Chris thrilled our pupils with a series of science experiments and activities. Pictures can still be viewed on our school website at <https://www.stmaryspsportaferry.com/news/eureka-seekers-/?p=4&>

Chris has been in touch again and he is keen to offer a 6-week After School programme, within our school, starting after the half term break in November 2022. This club will potentially be open to all pupils from Primary 1 to Primary 7 and the cost for the 6 weeks is £27 per child attending.

Before confirming this booking, we are seeking to gain expressions of interest for this activity. If this is something you would like your child to experience, we ask that you return the 'Expression of Interest' form below and return to the school by Tuesday 4th October 2022.

No payment is required, at this stage, and if there is enough interest I will write out to those who have returned the 'Expression of Interest' form below to confirm details.

Yours sincerely

Mr Gilchrist
Principal

Expression of Interest

I would like my child _____ (name) to be considered for the Eureka Seekers After School activity.

Signed: _____

Date: _____

Please return to your child's class teacher by Tuesday 4th October 2022.

AFTER SCHOOL CLUB
