Cost	£1.50	Free
Thursday	Football with Dwayne, Miss Hassan (shin guards essential)	
Takes Place	Outside	
Cost	£1.50	

Dear Parent

Please find attached a list of activities for after school which will run up to October Half-Term and a few notes about our clubs this term.

- Clubs are divided up into P1-2, P3- 4 and P5 – 7 which allows us to operate clubs safely where attendance can be high and also where sporting clubs are taking place, to ensure risks are kept to a minimum when younger pupils are playing with older pupils.
- We've tried to ensure that the clubs being offered are available to all age groups as much as possible and also varied to suit various interests.
- For sporting clubs, please ensure you send the required items eg. Shin guards and gum shields as again this is for your child's safety. This is essential for football and hockey. Matches will be organised for both football and hockey teams so please continue to ensure regular attendance at both clubs. We welcome back Dwayne as our football coach and also appreciate Mrs Crooks and the hard work and dedication of both to coaching our children in these areas.
- Art and Craft continues to be offered as it is a popular club with the boys and girls. Art and Craft will be taken by Mrs Clarke and will feature lots of creative ideas. Cookery is also on offer again for P5 – 7 children as this is a popular club too. The children enjoy making lots of tasty creations! Both great clubs for kids who enjoy practical crafty and creative activities.
- Please note that cycling Proficiency is for P6 and 7 children only. At this club, children will learn the skills to ride a bike safely on the road and will earn a certificate upon completing the course. This is a great club which prepares our children greatly for Active Travel weeks and cycling to school.
- Forest School is on offer for P3 – 4 children and later on will be available to other age groups. It was introduced last term for our KS2 children and they enjoyed all the activities outside which included den making, making and lighting a fire, boiling water with the fire and toasting marshmallows! A super club for any children with a sense of adventure!
- Ipad club for the younger children will be using age-appropriate apps for creating and playing. This club appeals to all our digital whizz kids! Minecraft for P4 will also engage creative minds as the children complete in a challenge each week.
- By sending your child to an after-school club you are giving permission for your child to take part in the activities and confirm he/she is medically fit to participate.
- Any boys and girls staying for clubs, as an extension of the school day, behaviour expectations will be the same and our school children's code of conduct/ school's behaviour policy applies.

Thank you.
