Anti-Bullying Policy

1. Introduction

In accordance with the requirements of the Education (Welfare) Act 2000 and the Code of Behaviour guidelines issued by the NEWB (now part of Túsla – the Child and Family Agency), the Board of Management of Golden National School adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the Anti-Bullying Procedures for Primary and Post-Primary Schools which were published in September 2013. Copies have been provided to all staff members, to the Parent Association and the policy is published on our website www.goldens.ie

2. Key Principles In Preventing and Tackling Bullying Behaviour

The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:

- (A) A positive school culture and climate which-
 - is welcoming of difference and diversity and is based on inclusivity;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 - promotes respectful relationships across the school community;
- (B) Effective leadership;
- (C) A school-wide approach;
- (D) A shared understanding of what bullying is and its impact;
- (E) Implementation of education and prevention strategies (including awareness raising measures) that-
 - build empathy, respect and resilience in pupils; and
 - explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
- (F) Effective supervision and monitoring of pupils;
- (G) Supports for staff

(H) Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies).

3. Definitions

“Bullying is unwanted negative behaviour, verbal, psychological or physical, conducted by an individual or group against another person(s) and which is repeated over time” – Anti – Bullying Procedures for Primary & Post Primary Schools - September 2013.

The following types of bullying behaviour are included in the definition of bullying:

- Deliberate exclusion, malicious gossip and other forms of relational bullying.
- Cyber-bullying
- Identity based bullying such as homophobic bullying, racist bullying, bullying based on a person’s membership of the Traveller community and bullying of those with disabilities or special needs.

Isolated or once-off incidents of intentional negative behaviour, including once off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school’s code of behaviour.

However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

4. Procedures for dealing with incidents of Bullying

1) All parties are best advised to take a calm, unemotional problem-solving approach when dealing with incidents of bullying behaviour reported by pupils/staff or parents/guardians. Incidents are best investigated outside the classroom situation to avoid public humiliation of the victim or the pupil engaged in bullying. The aim of dealing with incidents of bullying is to restore good relationships between the different pupils /group/class.

2) Bullying incidents should be reported to the class teacher and/or supervising teacher for investigation. This reporting can be done by the pupils, parent, or friend.

3) Where alleged bullying has taken place, the investigating teacher, with a colleague present where possible, will investigate the ‘**What, Where, When, Who and Why**’ of the incident. The aim at this stage is to determine if the incident constitutes bullying in accordance with the school policy. The student who has experienced bullying will be interviewed separately from the pupil who is reported for bullying. The teacher investigating may also ask the pupil reporting and pupil being investigated to write down the ‘what, where, when why of the incident[s)].

4) The teacher will use **the Template for Recording Bullying Behaviour** to keep a factual written record of their discussion with those involved (see Appendix 1). This information will be securely recorded on the schools internal Aladdin database.

5) All reported incidents which are serious or are part of a pattern of behaviour will be noted, investigated, and treated as circumstances required.

6) All cases of bullying will **be reported to the principal**.

7) Reports of bullying behaviour on the way to and from school, will be investigated by the Principal. If it transpires that bullying has taken place, and meeting the criteria as outlined in the School’s Anti Bullying policy, both the parents/guardians of the pupil(s) who reported the bullying and the pupil who is being investigated, will be informed about the incident(s) and the steps taken to resolve the issues reported

8) If bullying continues formal contact is made with parents of the pupils involved to discuss the incident and possible solutions. Minutes of the meeting are taken, and decisions are recorded.

9) If the incident involves the internet or social media, any relevant information, or posts (texts photos) must be removed.

Non-teaching staff such as SNA, secretary, caretakers, are encouraged to report any incidents of bullying behaviour witnessed by them, mentioned to them to the appropriate teaching member of staff. This will be recorded by filling in the school form.

In cases where bullying has been proven the school takes the follow actions:

Help and support will be sought for a bully. This will include speaking with them to discover why they became involved, informing their parents/guardians and continuing to work with them in order to modify their behaviour. The school code of behaviour applies to bullying. The bully will be helped to see things from the victims point of view. Sanctions as per the schools code of behaviour may be applied.

Help and support will be sought for a victim. They will be made aware that the school has dealt with the bullying behaviour, informing their parents/guardians and continuing to work with them to rebuild their self confidence and coping mechanisms.

Incidents of bullying will be used as opportunities for re-enforcing the anti-bullying policy and re-teaching aspects of the SPHE programme that apply. Follow-up meetings, where deemed appropriate may be arranged to assess progress and/or restore relationships.

The school will evaluate the effectiveness of the school policy – assessing regularly the level and type of bullying behaviour that may be happening in the school. Action will be taken as a result of these findings.

For cases of adult bullying the procedures, as outlined in the INTO / Management Bodies publication “Working Together - Procedures and Policies for Positive Staff Relations” will be followed.
