

15<sup>th</sup> November 2022

Dear Principals and Vice Principals,

**Re: The Addressing Bullying in Schools 'Reaching Out' Survey**

*Education Authority are 'Reaching Out' during Anti-Bullying Week*

*During this week, the Education Authority Addressing Bullying in Schools Implementation Team would appreciate your support in **'Reaching Out'** to the whole school community via a series of short surveys. Feedback from the surveys will enable the EA Team to evaluate the implementation of the 'Addressing Bullying in Schools Act (2016)' and tailor future training, resource development and support for school leaders and staff, boards of governors, parents and students.*

*Please share the relevant link or forward the QR code to the various stakeholders in your school community. This will help EA refine and improve the support with the implementation of the Anti-Bullying in Schools Act to support young people moving forward.*
