A Thuismitheoirí:

Developing literacy in Irish centres on three main areas:

- understanding words;
- understanding sentences; and
- understanding longer texts.

Word work focuses on 'High Frequency Words', those very common words that occur quite often in any language. Word work also focuses on phonics, the sounds that letters and groups of letters make.

An important part of sentence work focuses on punctuation, which words have capital letters, where does the full stop and question marks go.

Text work focuses on understanding what the words and sentences mean, in the context of a story or information.

This series of homework books helps the children build on what they have learned in school, by giving them the opportunity to reinforce and practise what they have learned in class. The homework over the weeks follow similar patterns so as to ensure that children and parents understand what the task is.

Typically, therefore, the week's Irish homework should look something like this:

- Monday - High Frequency Words
- Tuesday - Phonics
- Wednesday - Punctuation
- Thursday - Comprehension (answer the question)

Please check the Parents' Guide at the back of the book for a translation of the task your child has each night.

If you feel that the homework in this book is too difficult or too easy, please speak to your class teachers about it as it is vital that homework, while important, does not negatively impact on your child's attitude towards school or become a cause of distress each night.

Le meas,  
Conor
