

Woodland Trust
Nature
detectives

Let's make a leaf storm!

Pile up fallen leaves and use your feet to kick up a storm!

Stand with one foot buried beneath the leaves, then take a small handful and wait for the storm to arrive...

A breeze blew gently through the tree tops...

Start to gently rustle the leaves with your feet.

As it began to get stronger...
Rustle more loudly.

The leaves started to dance and swirl around in the air...
Throw your handful of leaves in the air

The storm had arrived!
Stomp and kick the leaves as loudly as you can!

After a while the storm passed.
The winds died down and the forest was calm once more...
Rustle quietly again before fading to silence.

Help your little adventurer to rustle leaves with their hands and feet.

Feel free to copy and share this for personal and educational use – and don't forget there are loads more brilliant activities to download on our website!
