Look at the pictures. Talk about what is going on.

- Where have you seen firefighters before? What jobs were they doing?
- What kind of clothes do firefighters wear? Why do they wear these kind of clothes, do you think?
- What is the building called that firefighters stay in when they are waiting for emergency calls?
- Where would you find the nearest building like this where you live?
- What kind of transport do firefighters use? What do they do when they need to travel fast?
- What equipment do firefighters use in their work?
- How do firefighters work to put out fires?
- When firefighters need to leave this building quickly, how do they get to the fire engine as fast as they can?
- Would you like to be a firefighter when you grow up? Give reasons for your answer.
- If you were to meet a firefighter, what question would you most like to ask him or her about their job?
- What steps can people take to avoid fires in their homes?
