

Up, Up and Away

Up, Up and Away

Look at the poster. Talk about what is going on in each picture.

1. Where are the family in the first picture? How do you know?
Has anybody ever been to an airport? What did you go for? What other reasons might people go to an airport? What is an airport for? Do you know where an airport is in Ireland?
2. What are Mum, Kieran and Niamh doing in the second picture?
Do you know what this desk is called? What happens at the check-in desk? Where do they send the suitcases? What do you use your ticket for? What is your passport used for? What is inside your passport? Have you been to a check-in desk before?
3. Where are the family standing in the third picture? What happens at airport security? Why do we have to put our bags through the x-ray machine? What is the man with the wand doing? Have you ever gone through airport security? Did you ever see or hear the buzzer beeping? What kind of things can make the buzzer beep? Why is there airport security?
4. Where are the family in the fourth picture? What is that called?
Can you see the gate number? What happens at the gate? What is the lady doing? Why is she doing that? Where does that door lead? Have you ever been at a boarding gate before? What happened at the gate?
5. Where are the family in the fifth picture? How do you think they feel?
Have you ever sat on an aeroplane before? Did you wear your seatbelt? Who reminds you to put your seatbelt on? What else do flight attendants do? What is in front of your seat? Was there a television on your aeroplane? Why do you think only some aeroplanes have televisions?
6. What is the aeroplane doing in the last picture? Where does the aeroplane take off from? What does the aeroplane land on? Have you ever been on an aeroplane when it took off? How did it feel? Who flies the aeroplane? Did he speak on the intercom? Where were you going on the aeroplane?
7. If you could choose one place to fly today, where would it be? Why?
