About this Resource

Hello! Thank you very much for downloading and purchasing this resource. It is composed of three major sections.

A. Finished Product (+ variations)

B. Assembly Guide

C. Patterns

Here, you have two options:

1. Print the colored pattern on a letter-sized board.
2. Print the black and white pattern, then trace on colored paper.

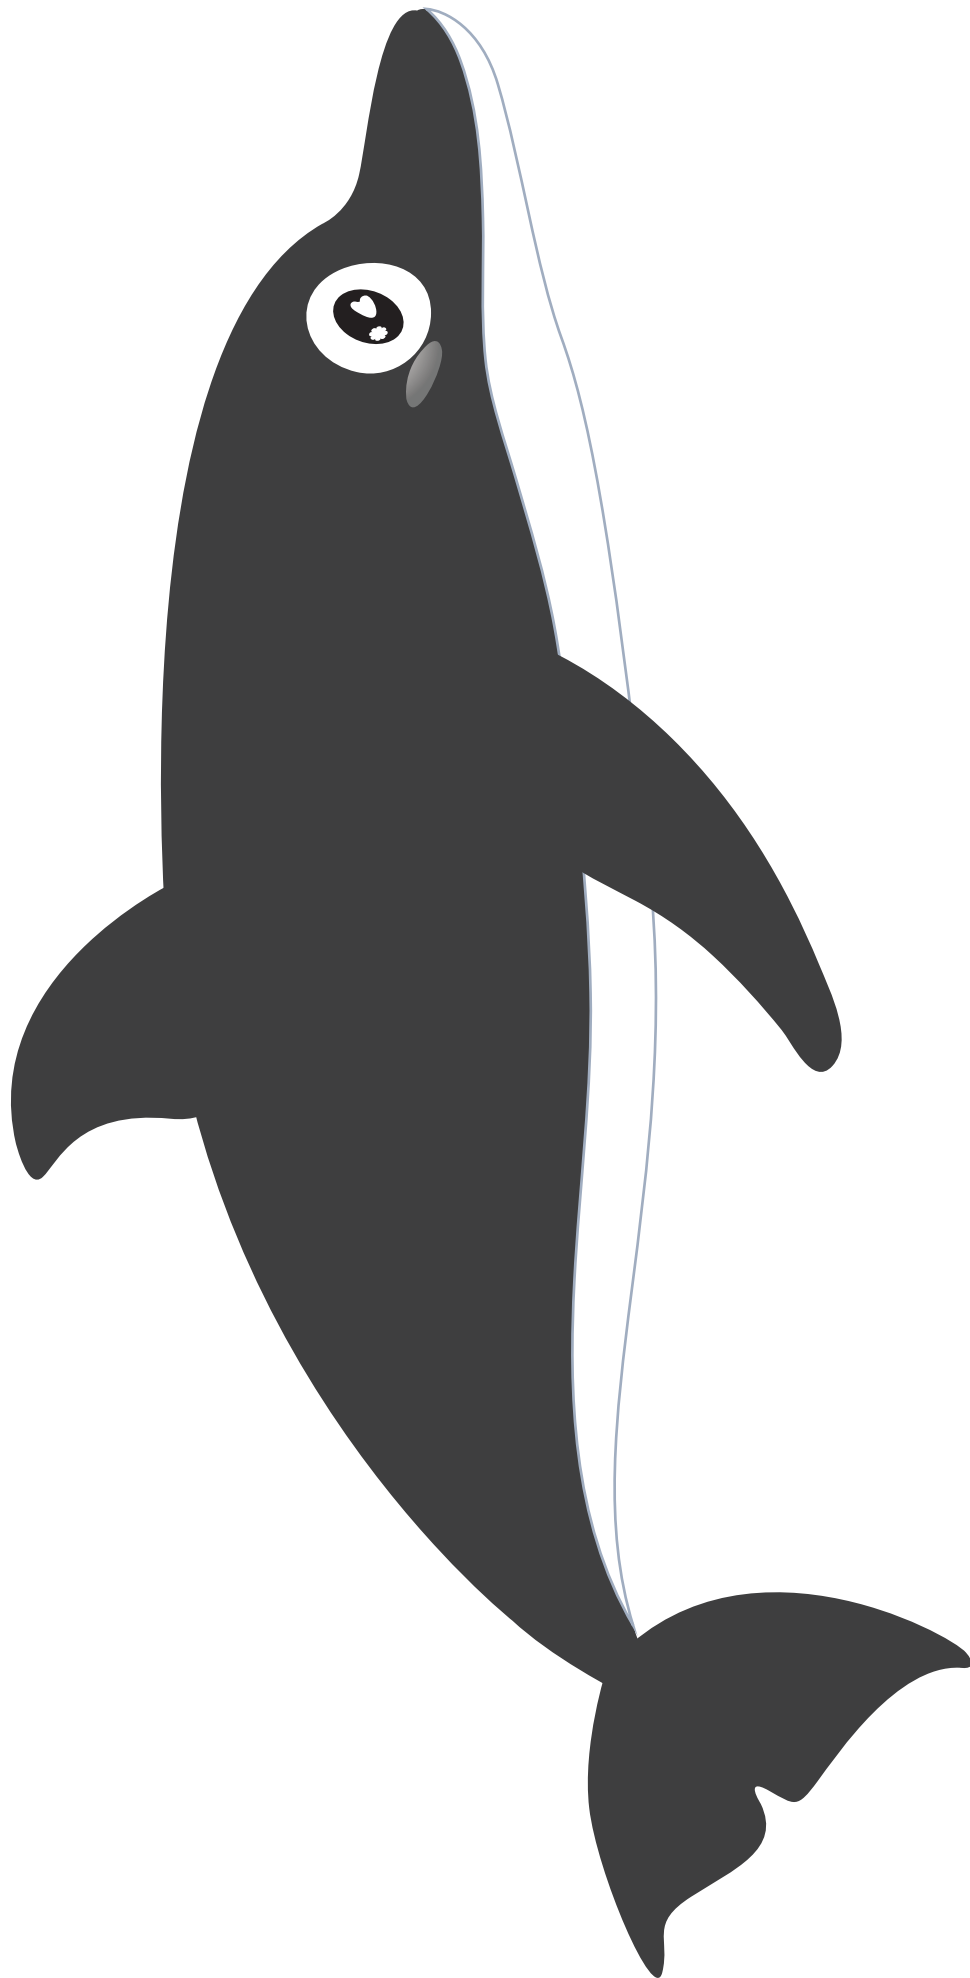

In my class, the students and I assemble the pattern pieces together. As my students glue each part, we discuss the importance of that part. You may ask, “why don’t you just show a picture of the animal you are discussing?” I find my students more interested in knowing more about the animal when they take part in assembling the craft piece by piece. We enjoy our discussion more, and they take pride in creating something out of it.

I hope this material will help you in teaching your students. Or you can use it in designing your classroom and bulletin boards. If you have any inquiries or suggestions, please email me at teacherruby.sp@gmail.com. I’ll be waiting!

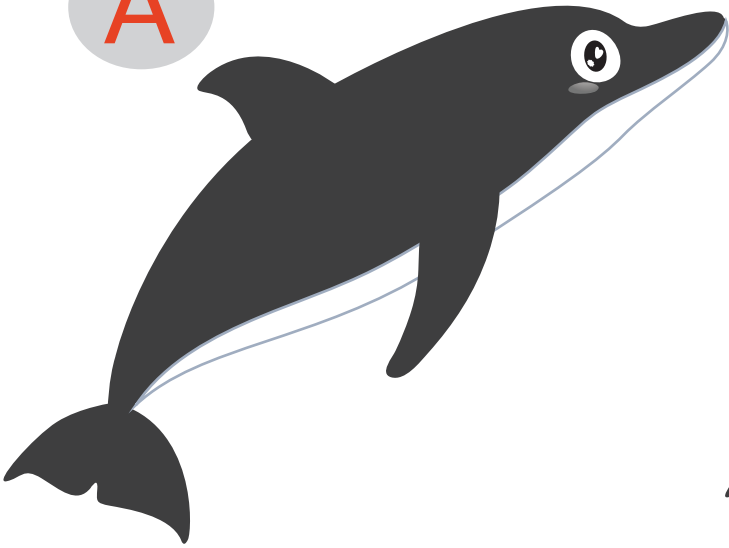

Thank you and have a wonderful day!

Warmly, *Ruby Jane*
