

Summer

Read the story. Colour the picture.

* Summer *

The months of summer are May, June and July. In summer the days are warm and sunny.

The bees collect pollen from the flowers. They put the pollen into "baskets" on their back legs.

The buttercups, daisies and poppies are in the fields.

Soon the tadpoles will grow legs. Then their tails will drop off and they will be frogs.

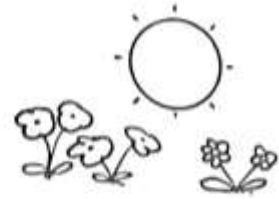

We can hear the song of the cuckoo and the blackbird.

We can see tulips and roses in the garden.

The farmer is cutting the hay in the field.
