

Froggy's Word Families Sheets

PHONICS: C-V-C AND DOUBLE FINAL CONSONANTS

These 10 free worksheets focus on c-v-c words and those ending with -ll, -ss, -ck and -ng. They deal with word families: words which rhyme and which we spell the same at the end, e.g. 'bell', 'tell', 'sell' and 'well'.

The sheets were designed to accompany the [Froggy Match-it](http://www.froggy-match-it.co.uk) phonics app at levels 1 and 2, but can be used by any children learning phonics.

The pdf consists of 10 worksheets. Tasks include matching illustrated words from the same 'family' and spelling them, and compiling lists of words in different families.

[Froggy Match-it](http://www.froggy-match-it.co.uk) is a graded, interactive phonics game for use on a tablet or phone.

It is meant for beginner readers who know most of the single letter sounds and is designed to fit in with the phonics schemes used in schools.

[Froggy Match-it](http://www.froggy-match-it.co.uk) is ideal for use in school and at home.
