

# Mum's the Word

TIMOTHY KNAPMAN & JAMIE LITTLER

What's the word that  
feels like a **cuddle**?  
Like splashing and  
splashing through a  
great big **puddle**?

A word like a **party**  
when your friends all come?

I can't think,  
my head's gone numb!

It's a word as warm as a  
goodnight kiss.

There's no other word  
that's as good as this.

It's a word like your favourite  
bedtime story.

It's a word  
that tastes like a  
**Knickerbocker  
Glory.**

It's a word like **ice cream**  
on a summer's day.

A word like the **park**  
where you love to play.

Like the **perfect present**  
on Christmas Day.

Oh, what's the word  
I'm trying to say?

It lifts you up like a  
great balloon.

And when you're ill, it means,  
"Get well soon!"

It's a word that says,  
"I love you so,"

And, "Let's have fun!  
Away we go!"

It's a word like the  
**dearest wish** you make

When you're blowing  
out the candles on your  
**birthday cake!**

It's a word  
like the **sun**,  
it's warm and bright.  
Like a **firework**,  
it lights up the  
night.

And when you're out in  
the dark and rain

And you just can't wait  
to get **home** again.

When your own front  
door will open wide,

It's the word that keeps  
you **warm** inside.

It's a word like a  
**song** you love to hum,  
That cheers you up  
when you're feeling glum.

A word that feels like a  
tickle on  
the tum...

I know the word! The word is...

... "Mum!"

When a little puppy tries to find the  
word that feels like a cuddle and is as  
warm as a goodnight kiss, he discovers  
that the word is... **Mum!**

A heartwarming story  
about the beautiful relationship  
between mother and child.
