TRANSLINK YOUTH SUMMIT NOV 2023

On 24th November 2023 our Eco Committee attended the National Football Stadium at Windsor Park, Belfast. The students involved had the opportunity to participate in workshops throughout the day, with Climate Action as the primary theme of the Summit.

The Eco Committee also had the opportunity to ask questions to key decision makers. These included; Translink Group Chief Executive Chris Conway and NI Commissioner for Children and Young People Chris Quinn, as well as guest speakers from NI Women's Senior Football team, Captain Marissa Callaghan and a representative from the GAA. The students had a great day. A special mention goes out to Matthew (Y9) and Carla (Y12) who were selected to film reviews of the day which can be found on the Translink Facebook page.
