Max Coding & Toreagh Primary School

Following an exciting and successful coding day in March, we're delighted to introduce a brand-new 5-week programme designed to inspire and develop your child's skills using some of the most advanced robots in coding education.

With experience working with over 700 children each week across Northern Ireland, Max Coding Club offers a fun, hands-on learning experience that children won't want to miss.

Each session introduces a different robot, giving children the opportunity to programme, debug, and experiment as they complete interactive challenges and games. The programme is open to all P1–P7 pupils, and no prior coding experience is needed—just curiosity and enthusiasm!

School Meals

Friday 17th April 2026 School Meals Induction Day

We hope to have a ‘Party Day’ for dinners on this day, this will be free to all children.

Children should still bring their own lunch to school as this will just be a sample tasting day and not a full meal.

Monday 20th April

It is hoped that dinners will commence from this date at a cost £3.10 per day. The menu will be available on the school website and **dinner money and child’s order must be brought to the school office on Monday for the week commencing. No orders will be taken on any other day (unless your child is ill.) Please note: meals cannot be given without payment.**

SWIMMING – commencing Monday 20.4.2026

After Easter **P5** will be going swimming on a Monday morning. **In order for this to take place, we need at least two parent volunteers to help 9.30am – 11.10am.** Please let Miss Morrow know asap if you can help.

In the meantime, please practise changing into and out of swimming clothing. Time for changing is short as we get the EA bus to and from the school. Maybe visit the pool over the next few weeks to get your child used to changing.

If your child has a verruca, they **must wear verruca socks.**
