A GREAT DAY OUT IN FRANCE via THE CHANNEL TUNNEL With *le Shuttle*

A
REAL
EDUCATIONAL
TRIP

Dear Head Teacher

Why not organise a DAY-TRIP for a group from your school this year and experience the marvel of the CHANNEL TUNNEL? The speed of the crossing (35 minutes) means that DAY-TRIPS are now entirely feasible for all schools situated south of Birmingham and east of Bristol. The cost can be AS LOW AS £19 PER HEAD (see below). One of our LUXURY COACHES will collect your group early in the morning and drive to Folkestone. A suggested itinerary might then be:

6
HOURS

- 1 Which country does the advert say you will visit?
- 2 How will you travel to Folkestone?
- 3 How will you cross the Channel?
- 4 Which town will you arrive at on the other side?
- 5 What is the name of the company that will organize your trip?
- 6 How long will you be able to spend abroad?

- 1 a) Will it cost more to go on the trip if you live **north** of Birmingham or **south** of Birmingham?
b) Why do you think it costs more if you live there?
- 2 What information does an **itinerary** tell you?
- 3 What is the title of the guidebook the travel company give you?
- 4 What do the initials S.A.G.T.A stand for?
- 5 Explain how, according to the timetable, the school trip will arrive back in England **before** it has left France!
- 6 a) Would you like to travel on the coach?
b) Give a good reason to explain why you feel like this.
- 7 What do you think would be the worst part of this trip? Explain why.

Imagine some children from another country are planning to spend a day with you. Because they are on a day trip they will only be able to spend 6 hours with you. They will arrive at 11.00 am and leave at 5.00 pm.

They want to learn as much as they can about the way you live: where you go to school, what you eat, how you amuse yourself, what games you play, where you play, what sort of shops you go to, the different jobs that people do who live near you, the pets that people keep – everything!

Write out a **timetable** for their day. Try to give them enough time to discover as much as they can about as many different things as they can.
