Safer Internet Day 2026

Safer Internet Day will be celebrated on **Tuesday 4th February** this year, focusing on the theme "Too good to be true? Protecting yourself and others from scams online". This day focuses on promoting safe and responsible online behaviour among children and young people. As a school, we will be looking at the importance of collaboration between parents, educators, and children to create a positive digital environment. This day aims to raise awareness about online risks and empower families with the tools they need to navigate the internet safely.

Notice of Absence

If your child is absent from school, please ensure you contact the class teacher via Seesaw and/or telephone to inform us of the reason. The school must code all periods of absence and it is necessary to apply the correct reason e.g. illness or medical appointment. The school SIMs register of attendance is a legal document. If after a week no reason has been received, it may be necessary for the school to telephone parents/guardians directly for a pastoral check-in. The Education Authority have taken out codes of absence for 'Agreed Family Holiday' therefore we can no longer approve any holidays during term time. If a pattern of absence is noted for your child or your child's attendance is falling below 85%, you will be contacted by the class teacher via Seesaw and the school will follow the procedures directed by the Education Welfare.

Thriving Families Workshops

We are very excited that our "Ballysillan P.S Thriving Families" programme is running again whereby every child in the school is given an opportunity to invite a parent/grandparent/aunt/uncle into school for one hour. The purpose of this programme is for your child and a close family relative to spend time together, connect and enjoy an activity. As a parent/guardian you will enjoy getting to see your child thrive and take part in the planned activities. It is important that every child has a close family relative attend on their day/time so as they can fully participate in this special programme. Every class will host their activity for close family relatives on a Wednesday to tie in with our "Wellbeing Wednesday" theme. It is important for all children's wellbeing to feel connected to their family and experience a sense of closeness and fun.

Your teacher will be in touch with dates for each class' workshop.
