

**YOUR CHALLENGE**

Changing flowers colours

# COLOR CHANGING FLOWERS

## STEP 1

## Gather Your Materials

X4  
OR  
Glass jars

Liquid food colouring

White  
flowers  
with a stem

## STEP 2

Make your predictions table

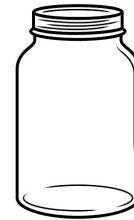

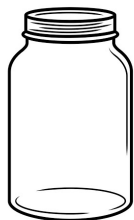

**What I think will happen...**

1

2

3

4

**What happened?**

1

2

3

4

### STEP 3

Wait for the flowers to change

1. Add water to your jars/cups
2. Add your food colouring to the water and place your flower into the water
3. Be patient and wait to see what happens
4. Check your predictions and see if you were right
