

**YOUR CHALLENGE** Create A picture puzzle

## STEP 1

## Gather Your Materials

 Cardboard

## STEP 2

Cut your cardboard

Cut out 2 squares from cardboard

Cut out a small square from one of the cardboard squares

### STEP 3

### More Cardboard Work

Stick Parts A and B together

A

B

C

On part C draw a 3 x 3 grid

1	2	3
4	5	6
7	8	9

## STEP 4

## Draw your Picture

Cut paper to the size of your 3 x 3 grid and draw a picture

**NOTE:** the top left square of your picture will not be in your final puzzle so try to leave it blank

1	2	3
4	5	6
7	8	9

Stick your picture to the back of your 3 x 3 grid

Cut along all the lines so you are left with 9 squares

## STEP 5

Assemble your puzzle

Add 8 of your squares into your frame in a random order.

Solve your puzzle by sliding the squares around your frame

Send us a picture of your project
