- This timetable is only a SUGGESTION if you need it.
- There is no need to try and recreate the school day at home.
- Spread out the sessions and work whatever way suits you and your family best.
- Don't feel under pressure to complete every piece of work set – the activities are based on what we would be learning in school at this time but it's important to focus on staying safe and healthy. Keep up spelling and Lexia and use the Links on the website for reading – this is the most important part.
