Send me pictures of any art work, practical Maths work, World Around Us projects, singing a song, saying a poem and so on. If you want to, you can upload photos to the school facebook or send them to info@gaeloid.doire.ni.sch.uk and we will upload them to the school website. There is great work going on and it would be nice for other children and their parents to see this as well. I can't take photos from class dojo.
