

Words Their Way - Miss Byrne's Groups

Hi girls! I hope everyone is doing ok. We miss you very much!

If you are not sure which group you are in, read the words: you should be familiar with them. Don't forget, we are doing revision so you should recognize the words you've done before.

Note for parents/guardians: The special part of the word is the one in the header, as these are the sounds we are focusing on. For example, in the word "wheelbarrow" it is the "wh" sound at the start that we are hoping they will hear.

Group A :
