

UN INTERNATIONAL DAY OF PLAY

PlayBoard survey for children & young people in Northern Ireland

All children have the right to play, but often adults forget why play is important!

This survey will allow you to tell us:

- Why play matters to you
- What you like to play
- What, if anything, stops you from playing

The short survey is anonymous (no one will know the information came from you) and will help us tell the politicians who make decisions, about your play. Thank you! bit.ly/DayofPlaySurvey
