

Home Learning November Week 1

Personal, Social and Emotional Development

Practice putting on your coat and zipping or buttoning it up all by yourself. Use the [coat trick](#) to help you.

Physical Development

Use an empty kitchen roll, draw a face on it and give it a haircut by cutting/snipping the top.

Language Development

Listen to the story '[Eyes, Nose, Fingers and Toes](#)' on YouTube then play clothes themed [What am I? Game](#). Listen carefully to the clues and guess what item of clothing is being described. Which part of your body does each item of clothing cover?

Early Mathematical Experiences

We are learning all about the concept of size in the world around us. Have fun with the measuring activities on the resource card. Watch the clip [Kids Academy Sorting for Size](#) on YouTube then play the [Size Sorting Game](#).

The Arts

Make your own paint (see resource card) and paint a self-portrait. Look in a mirror, observe your facial features e.g eyes, mouth, ears, nose, hair etc. and draw what you see.

The World Around Us

Make some funny face biscuits and chat about facial features and their functions. Look at the facial features of the people in your family and discuss similarities and differences.

Resource Card

Home Learning
November Week 1

Never buy paint for kids!!
Paint- 1 cup salt, 1 cup flour,
1 cup water, food coloring.

Measuring Feet

Draw around the different size boots and then measure the length of the boots outline using bricks or a ruler. Ask child to record results. Encourage talk about the results, using mathematical language.

Measuring Length

Draw around the people in your house and then measure the length of each. Who's the longest /shortest etc? Move to measuring arms and legs.

Show child how to record measurements.

Top Tip Tuesday!

Little LEARNERS making their mark.

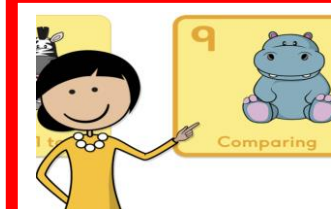

Homemade Chalk Paint

- ★ 2 parts cornflour
- ★ 1 part water
- ★ Food colouring or grated chalk

Little LEARNERS

Maths 3-5 section 9: comparing
