

Home Learning November Week 3

Personal, Social and Emotional Development

Have a go at making your own den or home - you might like to use pillows, a blanket, chairs or a cardboard box. Collect some special things to bring to your den and talk about why they are special to you e.g. a photograph of your family, your favourite toy.

Physical Development

Join Cosmic Kids Yoga for a [Three Little Pigs adventure](#)

Join in with the action song

[Going to build a house](#)

Language Development

Listen to the stories all about home: '[In a People House](#)' and '[No Place like Home](#)'.

Encourage your child to describe their house, talk about what is inside and what makes it special.

Early Mathematical Experiences

Go for a shape/number hunt around your house. What shape are your windows and doors? What number is on your door? Can you count the stairs in your house? Can you find any other numbers around your house?

The Arts

Can you draw your house?

What makes it special? You might like to draw the inside of your house as well as the outside.

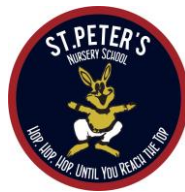

The World Around Us

When you travel to different places the houses will look different as well. [Travel with Sam](#) to explore different types of houses.

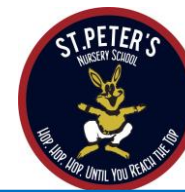

Can you choose a house from somewhere else in the world and make it? See Resource Card for ideas.
