Benefits:

As we all know accidents do happen, sometimes resulting in unexpected medical and dental expenses. This scheme aims to lessen the impact of unexpected costs by providing cover of up to €40,000 for medical and dental expenses incurred up to 5 years following the accident.

This scheme costs €8.00 per child (incl fees) and covers the child 24 hours a day, 365 days a year so your child is covered whether an accident happens at home, in school or during other activities.

Those who have had to make a claim in the past have found the claims service to be very efficient, speedy and hassle free.

Examples of how the policy can work

Scenario 1: Minor accident at School

The child covered trips in school yard, cuts hand and requires stitches. The child is brought to Casualty incurring the A&E charge. Claim is made under Medical Expenses of the policy and the charge is paid in full as **no excess** is deducted under this Personal Accident Scheme.

Scenario2: Serious Accident at Home

The child falls and badly injures teeth. Over the next 5 years the child incurs €8,000 in dental expenses. Claim is made under the Medical Expenses section of the policy and €8,000 charge is paid in full as Scheme continues to pay dental expenses incurred as a result of that accident up to a limit of €40,000.

Scenario 3: Sporting Accident

The child breaks a leg whilst playing for football team. The child incurs charge for attending Casualty, X-ray, medication and physiotherapy coming to €2,000. Claim is made under Medical Expenses section and paid in full.
